BIONDI-Superauto Windscreen "Club"

without bracket, pls. order separately

height: 69cm, width: 58cm

Price: €49.90

Absolutely splinter-free material. Comfortable, high-quality screen in clear, produced especially for the German market. Therefore also suitable for almost all models with ABE (KBA stamp on windshield), a TÜV registration is no longer required. The Club is equipped with the AVS (Anti Vibration System), so that stress cracks cannot occur even on very uneven roads. The windshield is wide enough on the Handlebar to fully protect the hands. Please fit the enclosed edge protection rubber, otherwise ABE is not permitted. Further vehicle models are being planned.The brackets for the windshields - if required - are not included, except for some exceptions. Please always order separately!(The brackets for the Biondi "Club, Little Club, Sport Pro and Zeta" windscreens are always identical for the different vehicle models)
