

CONWAY Gravel bike "Nyvo 16.0" (#2)

diamond, 28", carbon raw matt / sprinkle blossom matt, 13-speed SRAM "Force AXS T-Type", 49 cm / L

RRP €4,499.95

With the Nyvo 16.0, the ride often starts off at a brisk pace, but not necessarily with a set destination. An early start on empty asphalt, later on fine gravel, and perhaps one last climb in the evening to reach your campsite: This gravel bike leaves the door open for training, long weekend rides, and overnight trips with light gear. The carbon frame delivers a stiff, high-quality ride feel. Mounting points provide space for bags and gear without compromising the bike's sporty character. The SRAM Force AXS T-Type precisely manages the rhythm as speed, gradient, and terrain change. The result is a gravel bike for people who want to ride fast but don't always have to be back on the same day.
