

VICTORIA Trekking bike "TREQANA 2" Mod. 24

diamond, 28", grey beige matt, 3x8-speed Microshift "RD-M26L", 61 cm / XL

RRP: €699.00

The Victoria TREQANA 2 has a lot to offer beginner trekking cyclists. If you’re looking for an all-around bike for city riding and touring that’s comfortable and practical, the TREQANA 2 is probably the bike for you.With the TREQANA 2, you can take full advantage of the maximum allowable total weight (130 kg). You can easily transport heavy touring gear or your weekly groceries on the Carrier. The MIK Carrier features a second level for bags. This level sits slightly lower, bringing the weight of the bags closer to the ground. In addition, a MIK system is integrated into the Carrier. This means that compatible bags or baskets equipped with a MIK Adapter can be easily clicked into the Carrier. Your bags will then stay securely in place while you ride.Comfort while riding is well taken care of. For one thing, the trekking bike has a Suspension Fork. For another, it features ergonomic grips so you can rest your hands comfortably. To ensure you sit comfortably, we’ve installed an adjustable Stem. This allows you to customize the Handlebar angle to suit you.The TREQANA 2 also handles hilly terrain with ease. The 27 gears of the Microshift derailleur give you a wide range of options to find the right gear for climbing. You’ll ride safely downhill thanks to the Tektro V-brake. If you’re riding late and the ride home takes you through the dark, the Dlux Front Light with 30 lux will light your way. The Rear Light also includes a parking light. The TREQANA 2 is available in two paints: rosso brown and grey beige matte. However, the brown color is only available for the Trapez and Wave frame shapes in 46- and 51-cm sizes. The grey is available in several frame sizes and shapes.

Basic Data

Supplier Article Number:	B-02986008
MSRP:	€699.00
Bidex-Code	102010
Fedas-Code	155011
SB-Article	No
DST-Code	1B00
Brand/Supplier	VICTORIA
Unit of measure:	PIECE
Weight	16.1 kg
