

CONWAY Electric SUV "Cairon SUV FS 4.7" Mod. 24

wave, 27,5", black metallic / desert matt, 10-speed SHIMANO "Deore", 50 cm / L

RRP €4,699.95

Smartly designed, smartly built: The "Cairon SUV FS 4.7" from CONWAY kicks off the new cycling season with a fully connected makeover. Equipped with the Bosch Smart System, all components can communicate with each other and keep you informed about all your ride details. Once the E-Bike Flow app is set up, it connects to your bike via Bluetooth, and you're ready to go. In addition to the powerful Bosch "Performance CX" drive, powered by the high-capacity 625 Wh "PowerTube" Battery, the "Cairon SUV FS 4.7" features full-suspension for even greater comfort. The look remains clean, as the battery disappears completely into the down tube, where it can also remain while charging. The tires prove that this e-SUV truly holds its own on any terrain: the 60 mm-wide "Johnny Watts" from SCHWALBE feature a rugged tread pattern and handle forest trails and gravel roads with ease. A Suspension Fork and Rear Damper with 120 mm of travel not only handle this terrain but also ensure you glide confidently over potholes and tree roots. Shifting is handled by a 10-speed Shimano "Deore" groupset. The "Cairon SUV FS 4.7" is ready for touring thanks to its carrier, which can hold travel bags or baskets for shorter trips to the lake. Fenders and the LED Light make the bike ready for the ride home through the city. The Front Light illuminates the path safely with a bright 80 lux. The Rear Light impresses with its brake light function. If the hydraulic disc brakes ever need to engage suddenly, cyclists behind you can react more effectively.

Basic Data

Supplier Article Number:	B-02825032
MSRP:	€4,699.95
WEEE registration number	DE92509320
DST-Code	1B01
SB-Article	No
Bidex-Code	122010
Fedas-Code	155021
Brand/Supplier	CONWAY
Unit of measure:	PIECE
Weight	30.3 kg

Technical Data
