

## VICTORIA Electric trekking bike "eTrekking 10.9" Mod. 21

wave, 28", obsidian anthracite / brown, 1x11-speed SHIMANO "Deore XT", 56 cm

**Price: €2,275.00**

Semi-integrated for complete riding pleasure With its completely newly developed aluminum frame, the new "eTrekking 10.9" combines form and function to create a dynamic and agile pedelec in which the semi-integrated Battery can be easily removed from the down tube. From a functional point of view, it is positioned lower than on the down tube, which promises better handling when riding: the lower and more centrally the weight is placed on the bike, the more normally the bike rides. In terms of shape, the Battery blends into the striking frame just as unobtrusively as the beefy Bosch CX engine under the bottom bracket. The Bosch PowerPack battery with 500 Wh can be easily removed from the frame for charging. But you don't have to, because the new frame also has a charging option on the frame. With the new Bosch Performance engine (generation 4) with an output of 75 Nm, the "eTrekking 10.9" is dynamic and agile in keeping with the new design language. The Shimano XT 1x10-speed derailleur gears and the powerful BR-MT400 hydraulic Disc Brakes from the same manufacturer match the sporty riding style. Riding comfort is provided by the suspension seatposts and the SR Suntour Suspension Fork, which holds the Front Wheel in position with millimeter precision thanks to its Thru Axle. If you want to ride fast and sporty, you should make a point of seeing and being seen. This also applies to the "eTrekking 10.9" with the bright 80 lux Contec Luna LED Front Light. System integration also applies to the Carrier: the MIK carrier system is compatible with all common Bag and Basket click systems. The Porter also holds the rear Fender with the underrun strut. The front and rear mud flaps, the new Curana Apollo, extend far around the Wheel to catch dirt. The VICTORIA "eTrekking 10.9" is available in Gent, Trapeze and Wave frame shapes.

### Basic Data

Supplier Article Number:	KHA20290
EAN	4251507930406
MSRP:	€3,299.00
WEEE registration number	DE92509320
DST-Code	1B01
SB-Article	No
Bidex-Code	122010
Fedas-Code	155021
Brand/Supplier	VICTORIA
Unit of measure:	PIECE
Weight	26.7 kg

### Technical Data

Access height	460 mm
Battery capacity	500.0 Wh
Bosch Smart System	no
Brake system	hydraulic disc brake
Chainstay	470 mm
