

BRENNABOR Trekking bike "T-44" Mod. 22

diamond, 28", silver blue / silverstar, 2x8-speed SHIMANO "Altus", 55 cm / L

Price: €642.00

With a sporty riding style, the bike is ideal for tours between fields and through forests, allowing you to enjoy the tranquillity of nature to the full. With the gear selection of the SHIMANO "Acera" derailleur gears, the tours can also go into hilly terrain. To pick up the pace or climb the odd mountain, 16 gears offer an impressive selection. Downhill, the hydraulic Disc Brakes allow you to finely slow down your speed. However, they can also grip firmly if necessary. In addition, the Suspension Fork always ensures a high level of touring comfort. The "T-44" is fit for everyday use with its all-round carefree equipment consisting of Fenders, Chain Guard, MIK system carrier and LED Front Light. By the way: The Tires have Reflective Stripes on the sides - a small but nice plus to increase visibility in traffic.
