

VICTORIA City bike "Retro 5.4" Mod. 22

nostalg, 28", galaxy purple, 7-speed SHIMANO "Nexus" coaster brake, 45 cm / S

Price: €508.00

Minimalist & classicThe "Retro 5.4" is a sovereign nostalgia bike that is characterized primarily by its retro design and fits perfectly into the cityscape. The developers from VICTROIA have changed the appearance of the city bike for the new season. The multicolor gives the wheel freshness, the minimalist brand lettering fits perfectly into the original, classic design. Practical is the fact that the bike is equipped with a rear rack and an additional basket in the front. This is ideal for transporting small purchases home from the weekly market. On the rear rack, you can clamp a picnic blanket with the tension straps if you want to take the fresh fruit directly to the park to enjoy it with friends. The "Retro 5.4" is suitable for road traffic with the LED front light and the rear light with parking light function. Likewise, the reflective stripes on the tires ensure that you are better perceived. The tires themselves dampen properly when it goes over cobblestones. The 7-speed SHIMANO "Nexus" internal gear hub offers the right gear for every situation - even if it goes with the "Retro 5.4" times beyond the city limits. The V-brake on the front and the coaster brake provide the necessary safety.
