

VICTORIA City bike "Retro 5.6" Mod. 22

nostalgia, 28", superstitious blue, 7-speed SHIMANO "Nexus" coaster brake, 50 cm / M

Price: €508.00

A classic for the classic lake trip. Simple elegance and a pinch of nostalgia make the "Retro 5.6", which is why it fits perfectly into the cityscape. The developers at VICTORIA have made some visual changes to the city bike for the new season. A more colorful design makes the bike more modern, the minimalist brand lettering fits perfectly into the original, classic design. The bike is equipped with a luggage rack at the back and front. In the front: wine and snacks, in the back: a picnic blanket - now only your loved ones are missing and you can head off towards the lake at sunset. Or you load your bike with shopping. The weight can be divided optimally on additional panniers front and rear. The "Retro 5.6" is suitable for road traffic due to the LED front light and the rear light plus parking light function. The reflective stripes on the tires also ensure that you are better perceived. The tires themselves dampen properly when it goes over cobblestones. With its seven gears, the SHIMANO "Nexus" internal gear hub offers the right gear for every situation - even if it goes with the "Retro 5.6" times beyond the city limits. The V-brake on the front wheel and the coaster brake provide the necessary safety.
