diamond, 28", supersonic silver matt / black, 2x9-speed SHIMANO "Acera", 61 cm / XL

Price: €645.00

A bike for every dayThe "Trekking 4.7" from VICTORIA has everything you need for everyday cycling and touring. With 18 SHIMANO "Acera" gears, it has a broad portfolio for both city rides and routes with steep climbs. The new design gives the city and trekking bike a modern look.The 42 mm wide SCHWALBE tires cushion well when riding through rough terrain, but also bite firmly into loose ground. The SUNTOUR Fork with suspension supports the idea of comfort. This is also ensured by the ergonomic "Tour Wing" grips from CONTEC. The wing shape prevents the wrists from bending and prevents signs of fatigue.The hydraulic Disc Brakes provide the necessary safety and can be precisely controlled at all times, but can also apply a powerful grip when the going gets tough. When you return home in the evening after an extensive tour, the daylight-bright 50 lux Front Light illuminates the way safely. The rear light impresses with its parking light function, which means that the LEDs continue to light up for a while when you come to a halt at a dark intersection.
