

## VICTORIA Trekking bike "Trekking 2.7" Mod. 22

wave, 28", rosso brown, 3x8-speed SHIMANO "Altus", 51 cm / M

**Price: €530.00**

A reliable touring partner Fancy some fresh air and preferably cover a few kilometers at the same time? That's possible with the "Trekking 2.7" from VICTORIA! The 24-speed "Altus" derailleur gears from SHIMANO turn the bike into a respectable tourer that always has the right gear for both sporty climbs and straight stretches. The look and the reduced brand lettering are new. The SUNTOUR Suspension Fork ensures the usual comfort standard of the VICTORIA brand. It shows its strengths first and foremost when riding over cobblestones or somewhat rough terrain. The SCHWALBE tires provide damping in such cases and ensure the necessary grip. Brakes are provided by the powerful V-brakes. For safe cycling after long rides, the "Trekking 2.7" is equipped with a bright 30 lux LED Front Light. It also has a rear light with a parking light function, which means you can still be seen clearly even during unplanned stops in the dark or while waiting at red lights. Bags and baskets weighing up to 25 kg can be loaded onto the MIK system carrier.
