

BRENNABOR Electric trekking bike "T-22e" Mod. 22

deep, 28", white / black, 7-speed SHIMANO "Nexus" freewheel, 55 cm / L

RRP €2,449.00

Confidently through everyday life Simply get on and ride away - it's easy with the "T-22e" from BRENNABOR. The low wave frame and the upright riding position invite you to use the bike on all routes and every day - regardless of whether it's a trip to the supermarket or a short after-work ride through the fields. The BOSCH "Active Line" mid-motor supports pedalling with a permanent tailwind of up to 25 km/h. It receives energy from the 400 Wh rack battery, while the 7-speed "Nexus" internal gear hub from SHIMANO provides support when pedalling. The hydraulic disc brakes - also from SHIMANO - are there to keep the full energy in check. Their power can be precisely controlled at all times, but they can also really pack a punch when necessary. The fork with its 63mm travel ensures a high level of comfort on all trails. To make the most of its strengths, it can be individually adjusted to the rider's body weight - so it levels out any unevenness on cobblestones or forest paths. Fenders, a pannier rack and LED lights make the "T-22e" an e-bike for every day. Dirt and splash water are kept at bay and even a stop at the supermarket to pick up the remaining ingredients for dinner can be taken home in bags on the pannier rack - the front light illuminates the way home.

Basic Data

Supplier Article Number:	22083022
EAN	4251507971607
MSRP:	€2,449.00
WEEE registration number	DE92509320
DST-Code	1B01
SB-Article	No
Bidex-Code	122010
Fedas-Code	155021
Brand/Supplier	BRENNABOR
Unit of measure:	PIECE
Weight	27.4 kg

Technical Data

Battery capacity	400.0 Wh
Bosch Smart System	no
Brake system	hydraulic disc brake
