

KAYZA MTB hardtail "Spodic 4" Mod. 22

hardtail, 27,5", light grey matt / red, 24-speed SHIMANO "Acera", 56 cm / L

RRP €629.95

Always a sporty look Sporty and suitable for everyday use—that's KAYZA's "Spodic 4." With its modern geometry, the bike always cuts a sporty figure, whether on rides through forests and meadows or around town—especially with its redesigned aluminum Frame. All cables for shift and brakes are now routed internally. Not only does this look clean, but the cables are also better protected from dirt and mud. The 27.5-inch wheels ensure agile handling, while the adjustable SUNTOUR Suspension Fork smooths out the ride. The lightly treaded tires are the right choice for both asphalt and forest and field trails, providing the necessary grip. The 8-speed SHIMANO "Acera" derailleur ensures efficient propulsion. With a total of 24 gears, it offers a wide range and good gear ratios for tours through low mountain ranges. When it comes to bringing the "Spodic 4" to a precise stop, the hydraulic disc brakes—also from SHIMANO—are there to do the job.
