

BRENNABOR Electric SUV "A-96e" Mod. 22

sports wave, 27,5", teal green / burgundy, 1x10-speed SHIMANO "Deore Linkglide", 36 cm / S

Price: €2,900.00

For steep climbs and challenging trails Fancy a sporty off-road tour? BRENNABOR's "A-96e" belongs to the Allroad/SUV class and feels most at home on varying terrain between asphalt and gravel roads. It is also designed for the shortest route directly across the field. The components are high-quality and robust - ideal for off-road use. The SHIMANO "EP8" engine gives you a powerful boost. With 85 Nm of torque, steep climbs and challenging trails can be mastered with ease. Its central position in the bottom bracket area gives you a natural riding feel on the bike, especially in combination with the 630 Wh battery, which is fully integrated into the frame. Its position in the down tube favors a balanced riding style. The 10 gears of the SHIMANO "Deore" are there for fine-tuning the drive. Thanks to Linkglide technology, the components are particularly robust and can withstand rough conditions - wear appears much later. All bumps such as tree roots, potholes or simply the cobblestones on the way to the trail are smoothed out by the 100 mm travel Fork. It can be individually adjusted to the rider's body weight, allowing it to make the most of its strengths. The dropper seatpost can also be individually adjusted. You can lower it at the touch of a button in the cockpit for steep descents - for full control on the trail. The "A-96e" is ideal as an e-bike for everyday use, not only with sporty but also with purely functional equipment. The MIK system carrier, Fenders and the LED lighting system round off the package. With daylight-bright 80 lux front and rear lights plus stop light function, this bike will get you safely through city traffic at any time of day or year.

Basic Data

Supplier Article Number:	22083371
EAN	4251507972826
MSRP:	€3,999.00
WEEE registration number	DE92509320
DST-Code	1B01
SB-Article	No
Bidex-Code	122010
Fedas-Code	155021
Brand/Supplier	BRENNABOR
Unit of measure:	PIECE
Weight	29 kg

Technical Data

Battery capacity	630.0 Wh
