

atranvelo Carrier "City DB 24/29" AVS"

black

RRP: €23.95

A Carrier - especially for bikes with disc brakesThis sturdy touring Carrier from ATRANVELO is specially designed for your bike with disc brakes. The City DB 24-29 AVS is an adjustable aluminum system carrier for 24 to 29 wheels, to which it is attached to the rear wheel struts. It is equipped with spacers below the mounting point so that it can be mounted on the wider disc brakes on the rear wheel without any accessories. This means that no additional Spacers or other accessories are required. Thanks to the integrated AVS transport system, baskets and bags with the corresponding AVS adapter can be easily clicked onto and released from the carrier. A Spring Clamp and a Bracket for a Reflector round off the profile of this system carrier. It has a net weight of 630 g, but can carry up to 25 kg.

Basic Data
