

BASIL Battery Protection "Battery Cover"

universal, for integrated frame batteries

RRP: €26.99

Safety and protection for the BatteryThose who protect their battery have a clear advantage: the BASIL "Battery Cover" is a cover for the e-bike battery. It is available for Shimano STEPS Carrier and Frame batteries, for Yamaha Frame batteries and in a universal version for integrated Frame batteries. The battery cover made of 4.5 mm thick neoprene ensures thermal safety and protection against the cold. The heat-retaining properties of the material keep the battery warm, which significantly increases the service life and performance of the battery. The robust neoprene cover also protects against damage and shocks. The Battery is easily accessible at the opening. The remaining battery charge can be easily read from the cut-outs. If you want to protect your e-bike battery from the cold and also extend its service life, this protective cover is just the thing for you.

Basic Data

Supplier Article Number:	50504
EAN	8715019505041
MSRP:	€26.99
SB-Article	Yes
Fedas-Code	160911
DST-Code	2N12
Bidex-Code	301940
Brand/Supplier	BASIL
Unit of measure:	PIECE
Weight	0.221 kg

Technical Data

Colour designation	black lime
Compatibility	Shimano , Universal , Yamaha
Components	Akku
Design	part protection
E-bike type	special
Features	durable , frost resistant
Main colour	black
Material thickness	4.5 mm
Secondary colour	green
Variant	Article
Vehicle type	bike
