

BASIL Rain Jacket "Mosse Women"

size L, jet black

RRP: €114.99

For regular cyclistsThe BASIL Mosse Women cycling parka is an ideal transition jacket for cyclists who are regularly out and about. The T-Fabric fabric with DWR coating keeps you nice and dry. It is both waterproof (with a 5,000 WP water column) and breathable (with 5,000 MVP). The extended back of the Mosse is both practical and stylish when cycling. It ensures that the parka keeps the lower back nice and warm with its mesh and taffeta lining, even when riding with a sporty forward lean. The waist belt also keeps the Mosse in good shape, and the ventilation openings at the back are also finely integrated. The two-way zipper at the front is also lined to prevent the wind from getting through.The hood can be removed and adjusted and is slightly cut out at the sides for ideal visibility. The reflective surfaces, which ensure visibility in the dark, also match the fabric color.
