

BASIL Rain Jacket "Mosse Men"

size M, jet black

RRP: €114.99

Practical for touring and everyday bikingThe BASIL "Mosse Men" cycling parka is an ideal transition jacket for fall and spring. The T-Fabric fabric with its DWR coating keeps you nice and dry. It is waterproof (with a 5,000 WP water column) and breathable (with 5,000 MVP) from the outside and inside at the same time. The extended back is also practical when cycling. With its mesh and taffeta lining, it ensures that the Rain Jacket keeps you nice and warm even when you are leaning forward in a sporty manner. The ventilation openings at the back are also smartly integrated, and the two-way zipper at the front is additionally lined to prevent the wind from getting through. The side pockets are also protected against the rain. The hood can be removed and adjusted and is slightly cut out at the sides for ideal visibility. The reflective surfaces, which ensure visibility in the dark, also match the fabric color.
