

BASIL Rain Poncho "Hoga Unisex"

one size, horizon blue

Price: €35.96

Airy rain protection Simply throw on the "Hoga Unisex", close the waist strap and slip your hands through the loops - and the Poncho rain protection from BASIL is ready. A Poncho like this primarily protects the front and back of the upper body from the rain and also offers airy rain protection for the entire body thanks to the flared front section, especially when sitting upright. It is made from T-Fabric fabric, which is windproof and waterproof (5,000 WP) and breathable (5,000 MVP). The DWR coating allows raindrops to simply roll off. The adjustable hood with slightly recessed side panels offers the usual visibility. The tone-on-tone reflective surfaces increase visibility in the dark. The unisex Rain Poncho from Basil is available in one size.

Basic Data

Supplier Article Number:	40240
EAN	8715019402401
MSRP:	€69.99
Fedas-Code	200829
SB-Article	Yes
