black

RRP: €34.99

One bag, everything with youThis black detachable bag from BASIL can be attached to the side of the Carrier with the help of plastic hooks. With a capacity of 13 liters, the "Malaga" is ideal for shopping. The Bag is also a great invention for a bike tour in the surrounding area, as you can store a packed lunch or rainwear in it. Of course, other types of luggage can also be transported in this bike bag. It all depends on what you want to use a single pannier for, doesn't it? The "Malaga" has double reflective strips on the side of the Bag. This makes you stand out during your bike ride, even in the evening. In addition, the side flaps are reinforced with a weight so that water doesn't get a chance to penetrate the Bag. The bike bag is easy to open and close using a click fastening system.
