

BASIL Twin Bag "Urban Dry MIK"

matt black

Price: €65.03

Waterproof & well equipped If you are looking for a spacious, double bike bag, the "Urban Dry MIK" is just the thing for you. The Bag impresses with a generous 50 l capacity. This provides enough space for shopping or other larger items. The hard-wearing, matt black bag is made from durable Tarpaulin and is carefully finished with welded seams and an adjustable connector. The welded seams make the double bike bag particularly waterproof. Even if it rains heavily, the items in the Bag will stay dry. Reflectors are attached to all sides of the Bag. LED lighting can also be attached to the existing loops. The pre-assembled Adapter Plate can be attached to a MIK Carrier or, if not available, to a MIK carrier plate with a single click. This system is also ideal for e-bikes.
