

BIONDI-Superauto Windscreen "Linea Z"

without bracket, pls. order separately

height: 46cm, width: 71cm

Price: €39.30

Absolutely shatterproof and vibration-free material. Comfortable, inexpensive screen in clear, produced especially for the German market. Therefore also suitable for almost all models with ABE (KBA stamp on windshield), a TÜV registration is no longer required. The "Zeta" is wide enough on the Handlebar to completely protect the hands. It is identical to the Biondi "Club" screen, but is made of slightly cheaper material. Please fit the enclosed edge protection rubber, otherwise ABE is not permitted. Further vehicle models are being planned. The brackets for the windshields - if required - are not included. Please always order separately! (The brackets for the Biondi "Club, Little Club, Sport Pro and Zeta" windshields are always identical for the different vehicle models)
