

bollé MTB Helmet "Trackdown MIPS"

matte grey / neon pink, size M (55-59cm)

Price: €89.50

For demanding MTBs tours BOLLÉ has completely redeveloped the "Trackdown MIPS" and integrated its tried-and-tested features. These include the "360° Fit System", which allows the helmets to be perfectly adjusted to the shape of the head - and with which it holds securely and thus provides the best protection. In the event of a sideways fall, the helmet shell moves relative to the head thanks to the "MIPS system", providing better protection. When choosing the material, BOLLÉ opted for a combination of different EPS (polystyrene) foams in order to be able to absorb both strong and less strong impacts equally well. The "Avid Progressive EPS" technology also includes the arrangement of the ventilation openings and channels inside the Helmet. BOLLÉ, itself a manufacturer of sport glasses for over 100 years, has even thought of the Sport Glasses: they can be stowed away using the "Opti-Dock System". The removable and washable inner lining and the Visor, which can be adjusted in three stages, are a good standard for high-quality helmets, allowing you to keep an overview on every MTBs tour.

Basic Data

| | |
|--------------------------|---------------|
| Supplier Article Number: | 32004 |
| EAN | 0054917352912 |
| MSRP: | €189.95 |
| DST-Code | 3F01 |
| Bidex-Code | 406010 |
| SB-Article | No |
| Fedas-Code | 160927 |
| Brand/Supplier | bollé |
| Unit of measure: | PIECE |
| Weight | 0.425 kg |
