

BRAVE Pedal "Superthin"

red

RRP: €63.95

Platform Pedal from BRAVE For trails that go over hill and dale, you need reliable pedals that give you grip and safety in the event of heavy impacts. The Superthin are just such pedals, which is exactly why they are at home in freeride/downhill. The pedal body and frame are both made of aluminum, which - along with steel - is a tried and tested material for pedals. It combines weather resistance and rigidity with a comparatively low weight.
