

## AXA Mounting Set "Flex Mount"

for lock attachment without mounting holes

**Price: €6.19**

How to secure the locks AXA's "Flex Mount" are 2 flexible mounting strips that can be used to easily attach a lock to the frame of a bike. If there are no mounting holes in the frame of the bike to mount a ring lock, then these flexible strips are ideal. The attachment is also practical if there are no holes in the frame for a Bottle Cage, but you still want to attach a folding lock to the frame. The strips also fit on various frame tubes. They are suitable for the "Defender", "Solid Plus" and "Solid" bicycle locks from AXA.

### Basic Data

Supplier Article Number:	55500395SC
EAN	8713249243566
MSRP:	€13.95
Fedas-Code	160590
SB-Article	No
