

AXA Frame Lock Set "Block XXL"

non-removable key

RRP: €90.95

AXAs Block XXL Frame Lock Are you looking for a sturdy lock for your daily ride on your city bike? The Block XXL frame locks from AXA are made for this. Because it is permanently mounted on the frame, you always have it with you to lock your bike "just in case" when you're at the bakery. A Riegler slides through the spokes of the rear wheels and thus serves as an immobilizer. If you want to lock the locks, you can do so quickly and easily with the keys. If the lock is not locked, you cannot remove the keys. You can easily attach the Block XXL to the perforated rear triangle of your bike. As the lock is made of plastic, the paints are well protected from scratches.

Basic Data

Supplier Article Number:	59515895SC
EAN	8713249277882
MSRP:	€90.95
DST-Code	2H01
Fedas-Code	160591
