

AXA Plug-in Chain "Plus"

RLE Plus - Ø 10mm, 150cm long

with click-in frame bracket, suitable for frame Ø 22-35mm

Price: €12.63

For top protection of your bike This plug-in cable is used together with the "Defender" or "Solid Plus" frame locks from AXA. This combination provides excellent security for your bike. The Plug-in Chain has a theft-deterrent effect because you can use it to connect your bike to a fixed object, such as a street lamp or a fence. When anchoring the bike, you should make sure that it is as close to the object as possible. The Plug-in Chain is available in different versions with different lengths, among other things.

Basic Data

Supplier Article Number:	59501595SC
