

CICLOSPORT Bike Computer "Protos 213"

blue

Price: €15.14

For individual commutersThe "Protos 213" from CICLOSPORT offers all data at a glance on the four-line display in a purist and customizable design. The display can be permanently illuminated at the touch of a button so that year-round commuters have everything in view in the mornings and evenings, even in fall and winter. Display lines two and four can be set individually. You can choose between maximum or average speed, riding time or total riding time and calorie consumption. In this way, the "Protos 213" concentrates on the individual essentials and reliably displays the data that comes from the Front Wheel via radio. Only about once a year, according to CICLOSPORT, does the battery display indicate that it is time to change the battery again.

Basic Data

Supplier Article Number:	10152131
EAN	4028846614935
MSRP:	€29.99
SB-Article	Yes
WEEE registration number	DE31274821
Bidex-Code	301310
DST-Code	2F01
Fedas-Code	160954
Brand/Supplier	CICLOSPORT
Unit of measure:	PIECE
Weight	0.06 kg

Technical Data

Bike functions	average speed , calories , current speed , daytime trip , driving time , max. speed , total driving time , total trip
Features	automatic start/stop , display lighting , time
