

Continental Tube "Compact 20"

Sclaverand valve 42mm

RRP €9.95

The Compact 20" from CONTINENTALIt can't be seen at all on the bike, and yet every bike needs (at least) two of its kind: the inner tube. The tube must fit! You can tell which size Tube is the right one by looking at the sidewall of most Tires. The first two digits of the ETRTO measurement indicate the tire width, while the following digits indicate the inner diameter of the tire in mm. The Compact 20" covers numerous widths for 20" tires. The Compact 20" has a 42 mm Sclaverand SV valve.
