

Continental Tube "Race 28 Wide"

Sclaverand valve 42mm

Price: €2.96

CONTINENTAL Race 28 TrainingA bike without tubes is possible, but not rideable. That's why you should always have a spare tube with you when you're out and about. The tube must fit! You can tell which size Tube is the right one by looking at the sidewall of most Tires. The first two digits of the ETRTO measurement indicate the tire width, while the following digits indicate the inner diameter of the tire in mm. The Race 28 Training covers numerous widths for 27" and 28" tires. Important depending on rim height and pumps: The Sclaverand SV valve is 42 mm long.
