Price: €2.86

CONTINENTAL Race 28" If you don't want to spend a long time patching a Tube on tour, you'll have a Spare Tube with you. The ETRTO dimension is printed on the side of the vast majority of tires. The first two digits display the tire width, and the following digits provide information about the inner diameter of the tire. The Race 28" is the right tube for numerous widths of 27" and 28" tires. Incidentally, the Sclaverand SV valve on the Race 28" is 60 mm long.
