

DoggyTourer Dog Trailer "Doggy Tourer L"

blue

Price: €824.41

For a relaxed bike ride with your best friend The "Doggy Tourer L" is the solution when it comes to touring with your dog, whether it's a classic bike ride or a longer, more enduring and longer e-bike ride. The Doggy Tourer is then used when the four-legged friend has become tired, at the latest at the end of the tour. Or in between, if the route does not allow the dog to run alongside. The aluminum tub is stable and scratch-resistant, but the dog lies on a robust carpet. The hood protects against rain and sun. The viewing windows allow you to see your dog during the ride and the dog to see outside. With internal dimensions of 77 x 55 x 78 cm (length x width x height), even really large dogs can fit into the Trailer or the weekly shop. According to the manufacturer, the Elastomers compensate for uneven ground up to a permissible total weight of 80 kg (please note that the trailer weight of 12.3 kg + dog counts towards the permissible total weight of the bike/e-bike). Including drawbar and trailer hitches, parking brake, LED Light (with batteries) and reflectors on all sides. Like the fabrics, the "Doggy Tourer L" is made in Germany. The manufacturer offers a 25-year guarantee on the aluminum construction. The Doggy Tourer can be folded to a height of 22 cm for transporting the Trailer in the car, for example.

Basic Data

Supplier Article Number:	KD-121000-B
EAN	4250082100310
MSRP:	€1,187.65
DST-Code	2M01
Fedas-Code	160080
Bidex-Code	301290
SB-Article	No
Brand/Supplier	DoggyTourer
Unit of measure:	PIECE
Weight	12.5 kg

Technical Data

Box material	aluminium
Certification	DIN EN ISO 9001:2008
