Double Leg Kickstand Comfort from ERGOTECIt may be somewhat inconspicuous on the bike, and it only shows its strengths when the bike is stationary. But then the "Comfort" Double Leg Kickstand from ERGOTEC simply ensures that the bike doesn't fall over. Made from aluminum and rubber, the "Comfort" fits city and trekking bikes as well as children's and youth bikes in sizes 24", 26", 27.5" and 28". It can be adjusted to the desired length. The stability of the "Comfort" is extremely well balanced in terms of quality and durability in relation to price and ease of use. In order for the "Comfort" to support the bike properly, it must first be attached to the kickstand plates on the bottom bracket.
