

FAHRER Battery Protection "Cover Tube"

for integrated downtube battery, recom. range 29 up to 38cm

Price: €15.40

Cover TubeThe universal protection for e-bikes with an integrated down tube battery: In winter, the "Battery Cover" from FAHRER BERLIN helps to keep the batteries integrated in the frame down tube at operating temperature and keep them running for longer. The all-round protection made of 3 to 3.5 mm thick neoprene also protects the down tube from dirt and stone chips. The cover is simply fastened around the down tube with the Velcro fastener and the stretchy material adapts well to the shape. It is also suitable as a cover for the down tube when the Battery is removed and keeps dirt and moisture away from the contacts.

Basic Data

Supplier Article Number:	243
EAN	4260416640085
MSRP:	€28.90
SB-Article	Yes
Fedas-Code	160911
DST-Code	2N12
Bidex-Code	301940
Brand/Supplier	FAHRER
Unit of measure:	PIECE
Weight	0.1 kg

Technical Data

Attachment	Velcro
Compatibility	Universal
Components	Akku
Design	part protection
Features	dirt repellent , durable
Length	44.0 cm
Main colour	black
Material thickness	3.5 mm
Variant	Article

Vehicle type

bike

Width

38.0 cm
