

fi'zi:k Saddle "Terra Argo X3"

(LxW): 270 x 160mm, 262g

Price: €91.00

Efficient & comfortable gravel saddles Fizi:k's Terra concept covers all the requirements of a gravel saddle in order to master long tires on uneven roads efficiently and as comfortably as possible. The short Argo nose of the "X3" gives you an aerodynamic, aggressive riding position without putting pressure on sensitive areas of the body. The cut-out in the middle provides additional support. The bendable saddle wings (Wingflex technology) provide a high degree of flexibility. They adapt to your leg movement when pedaling. There is no friction at the point where your thighs touch the saddle. The combination of "Type 2" padding and flexible carbon-reinforced nylon shell absorbs shocks and vibrations from rough terrain. The frame made from the brand's own metal alloy titanium guarantees a very good stiffness-to-weight ratio.

Basic Data

Supplier Article Number:	70E2S00A03A22
EAN	8021890498076
MSRP:	€149.00
SB-Article	Yes
DST-Code	2C01
Bidex-Code	206010
Fedas-Code	160264
Brand/Supplier	fi'zi:k
Unit of measure:	PIECE
Weight	0.266 kg

Technical Data

Features	cutout
Gender	unisex
Length	270.0 mm
Main colour	black
Rails material	titanium
Range of application	MTB
Shell material	carbon , nylon
Suspension	no spring
Variant	Article
Width	160.0 mm
