

fi'zi:k Saddle "Vento Argo R3"

(LxW): 265 x 140mm, 213g

Price: €91.00

Racing performance with FIZIK's "R3" road bike saddle! The "Vento Argo" series stands for high performance. The short Argo nose provides both stability and the most aerodynamic, aggressive riding position possible on the road bike. In addition, no unpleasant pressure is exerted on sensitive areas of the body - the cut-out in the middle supports this. Its "Type 1" padding provides the necessary suspension and efficient power transmission at the same time. FIZIK has equipped the "R3" Unisex with a lightweight carbon reinforced nylon scarves and a carbon rail. The frame is made of k:iium, a proprietary metal alloy that is around eight percent lighter than titanium but just as durable.
