

fi'zi:k Shoe "Terra Powerstrap X4"

mud / caramel, size 48

Price: €93.00

Individuality for all off-asphalt trails With FIZIK's "Terra Powerstrap X4" you have a gravel shoe that takes you far beyond the limits of asphalt roads. The "X4" outsole is a versatile sole consisting of nylon (for targeted stiffness) and a rubber tread (for effective grip and durability). If you have to push your bike in the forest, the Terra Powerstrap X4 also allows you to run well on loose forest ground. The Powerstrap provides the right grip on the pedals. To avoid compromising on comfort, two separately adjustable Velcro straps wrap perfectly around the entire foot. They can be individually adjusted for the instep and forefoot area to prevent unpleasant pressure points or friction.
