

FULCRUM Wheel Set "Wind 40C C17"

HG 8-11

Price: €885.77

FULCRUM "Wind 40C C17" Wheel Sets With the FULCRUM "Wind 40C C17" model, "all-round" is the keyword, but this does not come at the expense of performance: this wheel set was developed for daily rides on all roads, for example for training or for a long-distance race with the regular group. The 40 mm profile made entirely from unidirectional carbon fibers plays to its strengths: Aerodynamics and stability on long flat stages, lightness and agility when changing speed uphill, safety and maneuverability on technically demanding descents. You will immediately notice the balanced and harmonious interaction between your road bike and the Wind 40: simply mount them and discover a new level of performance. To this end, our R&D department has combined several of the most proven technologies: Made from unidirectional carbon fibers, the rims are of the Mo-Mag type and therefore come without nipple holes, which benefits stiffness and reliability. The AC3 laser-machined brake flanks ensure braking performance like never before: laser machining eliminates resin residues on the contact surface with the brake shoes with unprecedented precision to improve performance in all conditions, up to 30% in heavy rain conditions. To transmit full power during acceleration, an oversize flange has been installed on the cassette side, with aero spokes arranged according to the two-to-one scheme. Wind 40: technology, performance, substance, but in the end it will completely change the character of your road bike.

Basic Data

Supplier Article Number:	RW40-CFRS
EAN	8057017985938
MSRP:	€1,349.00
Fedas-Code	160463
DST-Code	2P01
Bidex-Code	204070
SB-Article	No
Brand/Supplier	FULCRUM
Unit of measure:	PAIR
Weight	1.74 kg

Technical Data

Axle	9mm hollow axle , 10mm hollow axle
Brake system	for rim brake
Freewheel body	HG
Hub colour	black
Installation width	100 mm , 130 mm
Main colour	black
Mounting	wheel set
Range of application	road

Rim colour	black
Rim type	clincher
Shifting system	8-speed , 9-speed , 10-speed , 11-speed
Spoke colour	black
Spoke material	stainless steel
Variant	Article
Wheel size	28 "
