

G-FORM Elbow Protector "Pro Rugged"

size L (biceps: 34,5-37cm / forearm: 24-26,5cm)

Price: €40.69

Shock and slip resistant elbow protectionThe "Pro Rugged" elbow protector from G-FORM combines abrasion-resistant Rugged Armortex fabric and its patented RPT (Reaction Protection Technology) material to create a robust and well-fitting Elbow Protector. The normally flexible RPT Pads harden immediately on impact, and the "Rugged Armortex" blended Kevlar fabric offers additional protection should you slide over hard surfaces during a fall. With its protective properties, the Pro Rugged Protector achieves better covers than required by the EN standard for motorcycle protectors (CE EN 1621-1:2012). In normal use, the manufacturing method of moisture-repellent compression fabric (with sun protection factor 50+) plus EVA foam, the RPT pads and the Kevlar blended fabric ensure a high level of comfort. Added to this is the mesh material in the back. The silicone straps at the top and bottom and the five sizes ensure a secure fit.

Basic Data

Supplier Article Number:	EP1202015
EAN	847631056057
MSRP:	€74.99
SB-Article	Yes
Bidex-Code	408040
Fedas-Code	160932
DST-Code	3H06
Brand/Supplier	G-FORM
Unit of measure:	PAIR
Weight	0.253 kg

Technical Data

Design	elbow
International size	L
Main colour	black
Variant	Article
