

Tires "Swing"

53-507 (24" x 1,95), 790g

Price: €7.99

Safety & riding fun for the little ones Even the little ones like to go fast and long on their bikes: The HARTJE "Swing" tires from the Kids Line series are a great addition to children's bikes. Thanks to its coarse tread, the "Swing" tire is particularly suitable for riding on sand or gravel. Thanks to the continuous center line, fast rides on asphalt are also possible without any problems. This makes the children's tire particularly comfortable and versatile. The Clincher Tires can also withstand high loads undamaged while maintaining gentle contacts with the ground. In classic black and equipped with Reflective Stripes, it integrates seamlessly into the look of various children's bikes. The HARTJE tire is versatile and ensures safety and riding comfort in many road conditions.
