Double Leg Kickstand Rex S from HEBIEA Double Leg Kickstand like the "Rex S" from HEBIE is what makes a bike complete. At the latest when you park it, you would sorely miss its two feet without a bicycle stand, fence or lamp post nearby. And even more so when hanging up panniers or with child seats. With the two feet, the bike always stands upright for convenient handling. Made of steel, it remains permanently stable. It is made for city and trekking bikes in sizes 24", 26", 27.5" and 28". The length of the stand can be variably adjusted to these sizes. Thanks to the choice of materials and high-quality manufacturing, the "Rex S" is comfortable to use and lasts a long time. The intended mounting location for the Double Leg Kickstand is the kickstand plates between the bottom bracket and the rear wheel.
