

KMC Chain "Z1eHX Wide"

silver, nickel coating, self-service package, 112 links

RRP €19.90

Z1eHX Wide chains from KMC The Z1eHX Wide chain from KMC is versatile. It is suitable for use on both single speed bikes and e-bikes and is equally at home on tours and in the city. With its 112 links, the chain is made from durable steel. The chain is particularly hard-wearing thanks to its special anti-rust coating. In order to be able to close the chain properly, a Connecting Link is included in the scope of delivery, which connects the two loose ends. Because the chain can withstand the forces of an e-bike, it is marked with the addition "e-bike special".
