

KMC Chain "E12"

BlackTech, 130 links

RRP €54.90

12-speed chains from KMC Chains on pedelecs have to withstand significantly higher stresses than standard chains. More weight, higher speeds and powerful drives are the reasons for this. KMC has developed its E12 chain specifically for the pedelec aftermarket. If you ride a bike with a 12-speed drive, the E12 chain is just right for you. With its 130 links, the chain is made of durable steel.
