

## KMC Chain "E8"

50m roll + 40 connecting links

**Price: €14.99**

Chain E8 from KMC Chains on pedelecs have to withstand significantly higher stresses than standard chains. More weight, higher speeds and powerful drives are the reasons for this. KMC has developed its E8 chain especially for the pedelec parts market. If you ride a bike with an 8-speed drive, the E8 chain is just right for you. As the chain is made of steel with 122 links, it is particularly hard-wearing. A special anti-rust coating makes the chain particularly robust and hard-wearing. In order to be able to close the chain properly, a Connecting Link is included in the scope of delivery, which connects the two loose ends.

### Basic Data

Supplier Article Number:	WRE08SEPT
EAN	4715575883779
MSRP:	€749.00
Bidex-Code	202050
SB-Article	Yes
DST-Code	2R03
Fedas-Code	160364
Brand/Supplier	KMC
Unit of measure:	PIECE
Weight	11.2 kg

### Technical Data

Amount of chain links	122 pcs.
Anti-rust coating	yes
Division	1/2
Main colour	silver
Shifting type	derailleur shifting
System compatibility	8-speed
Variant	Article
Width in inch	3/32 "
