

MAVIC Helmet "Comete Ultimate MIPS"

white / black, size S (51-56cm)

Price: €119.02

Comete Ultimate MIPS racing helmets from MAVIC The image of the annoying bike helmet that looks stupid and is actually just annoying is long outdated. The Comete Ultimate MIPS from MAVIC not only protects your head, but is also en vogue. Now all you need is the right size. The Comete Ultimate MIPS is suitable for a head circumference of 51 cm - 56 cm. It can also be widened or narrowed with millimeter precision using the Twist Lock. Thanks to the MIPS system, the Comete Ultimate MIPS promises additional safety. The system fits into the aero helmets as follows: A sliding shell inside rotates slightly if you hit your head at an angle in the event of an impact. The reflective elements make you more visible in traffic. The Comete Ultimate MIPS can be closed with a plug-in fastener.
