white / black metal, size L (57.61cm)

**Price: €62.50**

Ksyrium Pro MIPS racing helmets from MAVIC Safety on the bike is the be-all and end-all, which is why a helmets is essential - especially for youngsters. To ensure it fits perfectly, the Ksyrium Pro MIPS from MAVIC is equipped with a Twist Lock that allows the racing helmets to be adjusted precisely to the individual head shape. It is suitable for head circumferences of 57 cm - 61 cm. The reflective elements on the outer shell of the Helmet make you more visible in turbulent road traffic and give you added safety. Added to this is the MIPS system, which wraps around your head like a protective layer in the event of an angled impact. An inner sliding shell shifts slightly in the event of a crash to provide your head with the best possible protection. During long rides in the sun or strenuous stages, heat can build up under the Helmet. The Ksyrium Pro MIPS with its 22 ventilation slots ensures optimum temperature control. A plug-in fastener keeps the racing helmets closed.
