

MAVIC MTB Helmet "Crossmax SL Pro MIPS"

size L (57-61cm)

Price: €65.22

MTB Helmet from MAVIC The Crossmax SL Pro MIPS from MAVIC is an MTB Helmet for the daily commute. It is suitable for head circumferences of 57 cm - 61 cm. If it is still too tight or a little too wide, it can be adjusted precisely to the shape of your child's head using the Twist Lock. The reflective elements on the outer shell of the Helmet make you more visible in turbulent traffic and give you added safety. Added to this is the MIPS system, which wraps around your head like a protective layer in the event of an angled impact. An inner sliding shell shifts slightly in the event of a crash to provide your head with the best possible protection. The Crossmax SL Pro MIPS has a visor so that you can get used to the changing light conditions in the forest better and faster. However, you can also simply remove it if required. A buckle keeps the MTB Helmet closed.

Basic Data

Supplier Article Number:	41006400 GR.L
EAN	0193128150921
MSRP:	€120.00
DST-Code	3F01
Bidex-Code	406010
SB-Article	No
Fedas-Code	160927
Brand/Supplier	MAVIC
Unit of measure:	PIECE
Weight	0.315 kg

Technical Data

Adjusting system	twist closure
