

Polisport Helmet "City'Go"

cream matt, size L (58-61cm)

Price: €25.20

Helmet from Polisport Often despised by children, but considered necessary by parents - the bicycle helmet. It is essential to ensure that kids are as safe as possible on the road. And to ensure that it is not perceived as a nuisance, the right size is crucial. POLISPORT's City'Go is suitable for head circumferences of 58 cm - 61 cm. It can also be adjusted to the shape of the head with millimeter precision using the Twist Lock. During the manufacturing process, the hard foam and the scarves are bonded together with hot glue. An integrated LED Rear Light increases visibility in traffic or in the dark. The City'Go has a Visor to help you get used to the changing light conditions in the forest better and faster. However, you can also simply remove it if necessary. On long tours through the sun or strenuous stages, heat can build up under the Helmet. With its 17 ventilation slots, the City'Go ensures optimum temperature control. The DIN EN 1078 certification confirms that the City'Go meets the basic safety requirements.
