

Selle Royal Saddle "Respiro Soft Relaxed"

unisex

RRP €79.90

The comfortable touring specialist The "Respiro Soft Relaxed" is the ideal saddle for longer rides. This is due not least to the ergonomic design with Royalgel padding. The bike saddle was developed for a generally relaxed riding position with a 90° spine angle. In addition, this model has a special ventilation channel that improves air circulation wherever the rider touches the saddle. The channel also relieves pressure on the perineal area. This means that this saddle, one of the most sophisticated in the SELLE-ROYAL product range, remains comfortable even on long rides.
