

Selle SMP Saddle "Extra Gel"

black

RRP €115.00

Ergonomic & flexibleThe "Extra Gel" from SELLE SMP is a sports saddle made from genuine leather. The soft foam padding makes it the ideal entry-level saddle for road bikes or MTBs and adapts to the cyclist's anatomy. It can also be used for spinning and on Indoor Trainers. The SMP4BIKE design with its lowered saddle nose and ventilation channel provides pressure relief in sensitive areas of the body. The hollow at the rear of the saddle protects the coccyx from bruises that can occur on bumpy ground. The nylon lower shell is reinforced with carbon to provide good damping on rough asphalt or bumpy slopes. The Saddle Base is made of steel. Weight: 455 g, dimensions (LxW): 275x140 mm.
