

Selle SMP Saddle "Martin Touring Gel"

medium, (LxW): 255 x 218mm

Price: €63.35

A saddle made for long toursThe "Martin Touring Gel" is a saddle for city bikes and long bike tours. The gel padding ensures a high level of comfort. Typical of the SMP4BIKE design are the lowered saddle nose and the ventilation channel. This relieves pressure on sensitive areas of the body and improves blood circulation. In addition, the rear of the saddle has a hollow that prevents the tailbone from bruising when riding over bumpy roads. The black saddles are unisex.
